Duration	2020 - 2021

Natural Resource Projects & Practices ➤ Forest Restoration

The Bonner Soil & Water Conservation District participates in the Panhandle Seedling Program to provide local forest landowners with conifer seedlings. The sorting and delivery of the trees begins in April.

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
